Interested in the Bread Houses Network?
Here's how you can join us:

1. Use Our Game:
   Become a ‘Baker Without Borders’ with our non-competitive educational game, winner of the UN Global Award for Intercultural Innovations 2016!
   The three included sub-games bring diverse people together through bread, arts, and play to solve community issues together and get educated in social entrepreneurship! It is especially beneficial for social support centers, youth centers, schools, community/intercultural/refugee organizations, bakeries, and social businesses.

   Order the game at: www.thegame.bakerswithoutborders.net

2. Join Our Workshops & Trainings:
   Come to our Bread House Training Center in Sofia, Bulgaria and get trained in all of our unique methods for social change through breadmaking! You will receive an official certificate as a ‘Trainer of trainers’ so that you can spread the methods in your own country.

   The training includes: Bread Therapy, Breadbuilding teambuilding, 3S Alternative Career Orientation, Bread-In-The-Dark for sight-impaired facilitators, and other methods, depending on your field of work.

   Sign up for a training at: www.socialenterprise.school.eu

3. Start a Bread House Social Bakery:
   If you plan to open your own social bakery, we will train you in our unique recipes for sourdough bread and pastries, as well as our various paid services (from special birthday and corporate parties to community festivals and open community baking events).

   For us, a social bakery is a ‘company’ in the real sense of the word (from Latin, cum panis = sharing bread with friends!)

   Check out our social business model at: www.nadezhko.com

4. Become Our Member-a ‘Crumbassador’:
   As an official Bread Houses Network member - a ‘Crumbassador’ of peace - you will receive bi-weekly updates with inspirations on how to build cooperation in your community. We will send you a quarterly magazine ‘Bread for Change’, which includes recipes and various stories from people who have been transformed through our forms of art therapy (Bread Therapy). We will also share stories of community building, ideas from other social bakeries and related projects from around the globe!

   Be a member at: www.breadhousesnetwork.org

5. Become a Point on the Bread Route:
   Join the European and Global Bread (for Social Change) Cultural Route for free! The Route unites organizations, companies, museums, and travelers that share a mission of social change and passion for bread. As a Route point, you both popularize the bread-related events in your community and have access to a wide network of partner organizations. Once a Bread Route point, you can visit your partners around the globe, get trainings in the BHN methods, and participate in collective international events!

   Become a Bread Route Point: www.breadroute.net

6. Join the Network of ChangeBakers:
   As a ChangeBaker, put up your profile and share your projects on our following free platforms:
   - Bakers Without Borders (www.bakerswithoutborders.net)
   - Bakeries Without Borders (www.bakerieswithoutborders.net)
   - Mills Without Borders (www.millswithoutborders.net)
   - Ovens Without Borders - ‘Lovens’ (www.lovens.net)

   Together we can unite the world as one ‘dough-nation’ - making, baking, and breaking bread together!
